(I) 3668 YBP-535

Mrs. Barbara Burton

Washington High School has been part of our community for more than five decades. Some of our Mothers, Fathers, Aunts, Uncles and cousins have been educated at this school. Some of our teachers graduated from Washington and have re-joined the family to pass on the Generals' traditions and academic expectations. Barbara Burton had been with us for twenty-two years. She was a dedicated and concerned teacher. She loved our young people and worked long hours to help them become citizens of this community. She died in September. We miss her very much.

As in any family, there are times we are pensive. There are times we look up and smile; and, there are other times when we're together, that our individuality projects our separate moods.

High school is a special time of life. Often, hope and faith are at their highest points. Sustain that high point of faith, once you sense it, and let it carry you to your goals. If you love education and learning it will be a faithful friend through out your life time. It will reward you for your faith and hard work. It will sustain you

Joseph Walker Assistant Principal

"WE ARE FAMILY" denotes unity, togetherness, a sense of belonging, caring, feeling a sense of responsibility and a spirit of enthusiastic devotedness to and support of the common goals and ideals of Washington High School. Our family is a bond which fosters concern about the well being of the family as a unit and of the individual member of the family. To be a part of the family means being a part of the program which involves total commitment and a total involvement in the educational process. This process involves learning and becoming prepared to meet those goals that you have set for yourself. It is my hope that you are successful and that you are adequately prepared to meet those challenges that you must face in this society, as you strive to be the best in whatever educational field that you pursue. No matter how near or how far you may roam from these walls of Washington High School, remember that the family is behind you hoping for you the fulfillment of your life's dream
